Dear Sir or Madam:

In accordance with California Education Code Section 67380(a)(5), the California Institute of Technology reports that between January 1, 2016 and December 31, 2016 there was one occurrence of non-criminal hate violence reported to, and for which a written report was prepared by, designated campus authorities. There were no occurrences of criminal hate violence reported to campus security personnel or campus safety authorities. For purposes of this letter, hate violence is defined as set forth in California Education Code Section 67380(6)(c)(1).
